MY PERSONAL STORY OF WELLNESS

The mission of The Center for Natural & Integrative Medicine is to provide personal care. We focus on medicine as an art with treatments tailored to *each individual*. We appreciate your loyalty to us and would be grateful for a personal testimonial regarding your journey towards optimal health. You can also go to our website www.drkalidas.com and click the google plus icon and enter your testimonial electronically.

When I first came to see Dr. Kalidas, I was feeling horrible. I was sick and he was my last hope, because every other Doctor said they couldn't find anything and said nothing was wrong. I am happy to say I'm feeling better everyday and my health has improved since being under his care. He listened, he cared, and he looked where every other doctor didn't. Most important he told me he would fight for me. I will never forget those words. I am so grateful to him for fighting for me and genuinely caring. After all, my life depends on it. Today I'm more than hopeful; I'm feeling better. This is a journey, but it's now a journey of wellness and improvement not hopelessness. Thank you for all you have done for me. You are an Angel here on this earth.
