MY PERSONAL STORY OF WELLNESS

The mission of The Center for Natural & Integrative Medicine is to provide personal care. We focus on medicine as an art with treatments tailored to *each individual*. We appreciate your loyalty to us and would be grateful for a personal testimonial regarding your journey towards optimal health. You can also go to our website www.drkalidas.com and under the testimonial/review tab write a review on google.

After many months of health issues, decided to pursue further medical intervention. From the moment of arrival, greeted with smiles, professionalism and warmth. They were really attentive to task and my needs. Seamless transition from front desk to exam to checkat. Everything was appropriately discussed, disclosed, and processed. Dr. Kalider was very attentive to my concerns and ~~also~~ answered all my questions, developed a plan of care, and was realistic with all said plans and advice. Upon checkat, the front desk staff was once again amazing, making sure my scheduling needs were met and that I had all the info I required. I am fully confident I am in the right place for wellness. It is not often that the staff and practitioners are in sync and enjoy their job. This place far exceeds all my expectations, and it was an absolutely enjoyable experience on my road to wellness.
