MY PERSONAL STORY OF WELLNESS

The mission of The Center for Natural & Integrative Medicine is to provide personal care. We focus on medicine as an art with treatments tailored to *each individual*. We appreciate your loyalty to us and would be grateful for a personal testimonial regarding your journey towards optimal health. You can also go to our website www.drkalidas.com and under the testimonial/review tab write a review on google.

I have been seeing Dr. Kalidas for several years ~~on~~ ~~now~~ and every visit has been a great experience. I really appreciate doctors who see the body as a whole and recommend treatments accordingly. Dr. Kalidas is one of those doctors. The body needs facilitation to heal itself and that facilitation is provided at The Center for Natural and Integrative Medicine. Long gone are the times when an organ is cut out just because it is misbehaving. One needs to find the reasons behind the problems. Dr. Kalidas and his team has proven ~~been~~ invaluable in my journey to optimum health.
